

EMPLOYEE MONTH

October 2011

Tobosa Developmental Services

would like to recognize Chrissy Singleton who has been with Tobosa since August 2003. When she was asked to be a Team Lead, her expression was priceless. She had a look on her face of, “why?” and “are you serious?” A year later, she has not only proven to all of us that she is more than capable of doing the job, but the look on her face is no longer of hesitation, but of confidence. She is always smiling and always very positive, even under the most challenging of circumstances. She has been a great addition to the Team Leaders and has become a great asset to the organization overall. She is incredibly committed to the individuals she supports and is willing to go above and beyond. She has taken on incredible responsibilities in the last year and has shown great potential as a leader within the organization for years to come.
